

Senator Penrose of Pennsylvania, the biggest man, physically, in the senate, is unmarried.

In forty years (1893 to 1933) Japan's foreign trade increased from 26,000,000 yen to 814,000,000 yen.

PERSONS TALKED ABOUT.

Senator Theodore E. Burton of Ohio is a French scholar and a bachelor.

Lottie Blair Parker, who wrote the plays "Way Down East" and "Under Southern Skies," has finished a novel which will be published this month under the title of "Homespun." It is a humorous story New England village life, showing the same sort of characters which gave the author's plays their charm.

"All the world is gossiping about the arrangement which M. Chouchead, the chief owner of the great Paris business house known as the Louvre, has been making for years for his own funeral," says the Paris correspondent of a Brussels paper. "It is certainly a good advertisement and will keep the business press in the public eye."

At the home-coming festival at Adrian, Mich., on June 24, there will be unveiled a statue of "Aunt Laura" Haviland, a Quakeress of simple life and quiet demeanor, of whom General Grant once said that if he had a few more women like her he could dispense with half the generals and soldiers and put down the rebellion in a few months.

The highest honor college girls can confer upon a classmate is to name her president of the senior class, and Miss Esther M. Randall has been named president of the class of 1910 by her Wesleyan classmates. She is a Chicago girl, 21 years old, quite a scholar and yet so fond of outdoor sports that she is not at all a book-worm.

Miss Gertrude E. MacArthur, daughter of the Rev. Dr. Robert Stuart MacArthur, pastor of Calvary Baptist church, New York, has been appointed teacher of English in the Peabody school in Tokyo, with which the minister's young daughter is connected. In a letter to her family Miss MacArthur says she has lost the princess and she describes the incident.

David Graham Phillips does much of his writing standing at a desk, and he says he does so because it is the most healthful way to work and he feels better afterward. He says: "No, I don't mind the weariness incident to standing so long, for I have become accustomed to the position and rather like it. I write 7,000 to 8,000 words a day, or about three and one-half newspaper columns."

Gen. William F. Draper, whose "Recollections of a Varied Career" have been published by Little, Brown & Co., gained his title in the Civil war. He was badly wounded in a battle. After the war he entered mercantile life at Hopedale, Mass. He made improvements in the technical processes of textile manufacturing, while his public spirit and philanthropy found scope in the upbuilding of the model community of Hopedale.

The annual whaling catch at present is about 150.

Ceresota Flour

Is no impoverished bargain counter flour, but it is the best bargain flour when the loaves are weighed and counted.

That's why it's worth the price it brings.

It is richest in gluten, retains its moisture longer and makes big, white delicious loaves.

The first bag of CERESOTA will convince you as much as a barrel.

A trial will be enough.

BAY STATE FURNACES

MEET ALL DEMANDS FOR HEALTHFUL HOME HEATING. FOR HONESTY IN CONSTRUCTION. EFFICIENCY AND FUEL ECONOMY THEY HAVE NOT BEEN SURPASSED IN 70 YEARS.

J. P. BARSTOW & CO., 23-25 Water St., Norwich
ANDREW MEECH, Danielson

Not One-tenth of Lard is Leaf Lard!

Here is what the leading lard packer says in a recent advertisement: "Leaf is the cream of lards. There is not enough of it to supply one-tenth of the people, and so it goes only to those who insist upon it."

Does it not stand to reason that if there is only enough of the proper fat produced to make pure leaf lard to supply one-tenth of the demand that the chances are nine to one against your getting pure lard? The only absolute protection against getting common hog fat when you buy lard is by buying *Cottolene* instead.

Cottolene is a pure vegetable product—made from cotton seed oil, refined by our exclusive process. It contains no hog fat and makes palatable, nourishing food which will agree with the most sensitive stomach.

COTTOLENE is Guaranteed Your grocer is hereby authorized to refund your money in case you are not pleased, after having given *Cottolene* a fair test.

Never Sold in Bulk *Cottolene* is packed in pails with an airtight top to keep it clean, fresh and wholesome, and prevent it from catching dust and absorbing disagreeable odors, such as fish, oil, etc.

Cook Book Free For a 2c stamp, to pay postage, we will mail you our new "PURE FOOD COOK BOOK," edited and compiled by Mrs. Mary J. Lincoln, the famous Food Expert, and containing nearly 300 valuable recipes.

Made only by THE N. K. FAIRBANK COMPANY, Chicago

"Nature's Gift from the Sunny South"

Be Lively

Be Enthusiastic—
Be Ambitious—
These are only other ways of saying,
"Be healthy."
A pure malt beverage will help.

Why Physicians Recommend Castoria

CASTORIA has met with pronounced favor on the part of physicians, pharmaceutical societies and medical authorities. It is used by physicians with results most gratifying. The extended use of Castoria is unquestionably the result of three facts: **First**—The indisputable evidence that it is harmless: **Second**—That it not only allays stomach pains and quiets the nerves, but assimilates the food: **Third**—It is an agreeable and perfect substitute for Castor Oil. It is absolutely safe. It does not contain any Opium, Morphine, or other narcotic and does not stupefy. It is

unlike Soothing Syrups, Bateman's Drops, Godfrey's Cordial, etc. This is a good deal for a Medical Journal to say. Our duty, however, is to expose danger and record the means of advancing health. The day for poisoning innocent children through greed or ignorance ought to end. To our knowledge, Castoria is a remedy which produces composure and health, by regulating the system—not by stupefying it—and our readers are entitled to the information.—*Hall's Journal of Health.*

The Kind You Have Always Bought and which has been in use for over 30 years, has borne the signature of Chas. H. Fletcher, and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment.

Letters from Prominent Physicians Addressed to Chas. H. Fletcher.

Dr. W. L. Leister, of Rogers, Ark., says: "As a practicing physician I use Castoria and like it very much."

Dr. W. T. Seeley, of Amity, N. Y., says: "I have used your Castoria for several years in my practice and have found it a safe and reliable remedy."

Dr. Raymond M. Everts, of Santa Ynez, Cal., says: "After using your Castoria for children for years it annoys me greatly to have an ignorant druggist substitute something else, especially to the patient's disadvantage, as in this case. I enclose herewith the wrapper of the imitation."

Dr. R. M. Ward, of Kansas City, Mo., says: "Physicians generally do not prescribe proprietary preparations, but in the case of Castoria my experience, like that of many other physicians, has taught me to make an exception. I prescribe your Castoria in my practice because I have found it to be a thoroughly reliable remedy for children's complaints. Any physician who has raised a family, as I have, will join me in heartiest recommendation of Castoria."

Dr. W. F. Wallace, of Bradford, N. H., says: "I use your Castoria in my practice, and in my family."

Dr. Wm. J. McCann, of Omaha, Neb., says: "As the father of thirteen children I certainly know something about your great medicine and aside from my own family experience, I have, in my years of practice, found Castoria a popular and efficient remedy in almost every home."

Dr. Howard James, of New York, City, says: "It is with great pleasure that I desire to testify to the medicinal virtue of your Castoria. I have used it with marked benefit in the case of my own daughter, and have obtained excellent results from its administration to other children in my practice."

Dr. J. R. Clausen, of Philadelphia, Pa., says: "The name that your Castoria has made for itself in the tens of thousands of homes blessed by the presence of children, scarcely needs to be supplemented by the endorsement of the medical profession, but I, for one, most heartily endorse it and believe it an excellent remedy."

Dr. B. Halstead Scott, of Chicago, Ill., says: "I have prescribed your Castoria often for infants during my practice and find it very satisfactory."

Dr. William Belmont, of Cleveland, Ohio, says: "Your Castoria stands first in its class. In my thirty years of practice I can say I never have found anything that so filled the place."

Dr. R. J. Hamlen, of Detroit, Mich., says: "I prescribe your Castoria extensively as I have never found anything to equal it for children's troubles. I am aware that there are imitations in the field, but I always see that my patients get Fletcher's."

Dr. Channing H. Cook, of Saint Louis, Mo., says: "I have used your Castoria for several years past in my own family and have always found it thoroughly efficient and never objected to by children, which is a great consideration in view of the fact that most medicines of this character are obnoxious and therefore difficult of administration. As a laxative I consider it the peer of anything that I ever prescribed."

Dr. L. O. Morgan, of So. Amboy, N. J., says: "I prescribe your Castoria every day for children who are suffering from constipation, with better effect than I receive from any other combination of drugs."

Dr. H. J. Taft, of Brooklyn, N. Y., says: "I have used your Castoria and found it an excellent remedy in my household and private practice for many years. The formula is excellent."

Dr. Wm. L. Bosserman, of Buffalo, N. Y., says: "I am pleased to speak a good word for your Castoria. I think so highly of it that I not only recommend it to others, but have used it in my own family."

Dr. F. H. Kyle, of St. Paul, Minn., says: "It affords me pleasure to add my name to the long list of those who have used and now endorse your Castoria. The fact of the ingredients being known through the printing of the formula on the wrapper is one good and sufficient reason for the recommendation of any physician. I know of its good qualities and recommend it cheerfully."
